

Basket Weaving for Beginners

Course Content

Basket Weaving for Beginners will offer opportunities for students to learn the art of basket weaving. The new weavers will begin with a simple basket that includes many of the basic weaving skills found in most baskets. Supplies (reeds, sea grass, base, handles, stain, and tools) will be provided to the weavers at cost. Once the first basket is complete, the instructors will help students pick a second basket to create. Students should finish two baskets during the five-week period.

Description

Always wanted to weave a basket but didn't know how? Now's your time. Basket Weaving for Beginners is designed for people new to basket weaving. Whether you have never woven a basket or have made just a few, come join us. We will help you learn weaving techniques as you weave one or two baskets during the five-week period. Basket kits and supplies are prepared for each member at cost.

Class format: Active – hands on/physical movement
