SOLID GOLD PANDEMIC SINGERS

COURSE CONTENT

Solid Gold Pandemic Singers is a course for those who enjoy singing and/or playing an instrument and who love the music of the 1960’s, with a little of the 1950’s and 1970’s included. Each week, the instructor will provide lyrics and guitar chords for 7-8 songs from the era. Each song will be sung twice: once along with the original recording, and once with one of our instrumentalists providing the lead. Background information on each song and artist will be provided by the instructor, and participants who would like to share memories of specific songs will be encouraged to do so. For the first ten weeks, the class will sing songs previously performed in Solid Gold Singers Lobby Concerts through the years. For week eleven, participants may request songs. Guitarists and other instrumentalists are encouraged to participate in this course. Instrumentalists will have the opportunity to lead songs for the group. If you have questions about this course, contact Becky Varlas at rebeccavarlas@gmail.com.
