A Thinking Person’s Guide to the Bible

Spiritual, not Religious?  Jesus, not the Church?

Many inside and outside organized religion are searching for an enlightened and contemporary way to appreciate the profound richness of the Bible.

If that describes you, join this twelve-week study of Marcus J. Borg’s *Reading the Bible Again for the First Time: Taking the Bible Seriously but not Literally*. In it we will explore a bold understanding of scripture that respects both tradition and reality, blending the best of biblical scholarship with a profound concern for authentic faith in our 21st Century.

Through guided discussion, this course explores understanding the Bible emphasizing history and metaphor rather than forcing literal interpretation. Then it applies this methodology to an overview of the biblical record.
