

Stroke: Incidence and Prevention

Course Instructor:
Eleanor S. Pollak, MD

Stroke is an ***EMERGENCY!***

What are the Symptoms?

What should you do?

When should you seek help?

Where should you go?

Each week, expert medical care providers will share their specific knowledge about stroke and its impact on patients within their specialty.

This course will be divided into two 5-week parts. Both parts will cover the basics of stroke. However,

the segments and invited speakers will differ.
