

Course Content.

Beginners and experienced students will enjoy exploring sculpting and ceramic techniques. Beginners work with the Instructor alongside former students using simple slab, coil and hand sculpting of ceramics, figures and bas-relief. Emphasis on form, texturing and finishing. Students can also work on vases, freeform abstracts, animals, plates, bowls etc. Which would you like to do?

Continuing students work on their own projects with suggestions from instructor or assistants. Instructor(s) will demonstrate clay techniques and may demonstrate other media.
