

More Operas by Jake Heggie

Jake Heggie's compositions are quickly becoming an audience favorite. The two productions we will view and discuss deserve to be among our own favorites. Jay Hunter Morris and Stephen Costello star in the San Francisco Opera production of "Moby Dick". Herman Melville's novel is set on a whaling ship. Jake Heggie gives new and clear voice to Melville's gripping tale. "Great Scott" has an amazing lineup of opera stars including Joyce DiDonato, Frederica von Stade, Ailyn Perez, Anthony Roth Costanzo and Nathan Gunn. This video is from the 2015 world premiere performance by The Dallas Opera. It's a back-stage look that will pull your heartstrings and make you laugh . . . at the same time!
