

Now That's Italian – continued

This is the second semester for this class but all the materials are new! So you are more than welcome to jump in. The Arena di Verona is the biggest opera house in the world, seating over 13,000 during the summer season. Everything about the Arena and the operas is BIG! We'll be enjoying several videos from performances over the past 50+ years. Producers, directors and singers give their all to an audience that won't accept anything less. Performing there is not for the faint of heart!
