

Dance Band

Instructor: Andy Dowell

We start the semester with introductions and assessing student's skill levels.

Each week the instructor will distribute sheet music as needed, in both printed and digital (.pdf) formats.

We will play the music we have, starting at slow tempos, working our way up to dance tempos.

Students will have the opportunity to suggest tunes for the class to play. Students are also encouraged to share their experiences playing in sessions and/or dances.

Students will be encouraged to try their hands at playing harmonies or other accompaniments that support or embellish the melodies.
