

"Guitar Music Jam", Spring 2023 at Arsht Hall -- Course Content

Please read this entire message now.

Your instructors: Glenn Rill (communicator, technician, grunt), Bill Stanley (host #1, author of the list of themes, maker of snarky comments), and Lynda Hastings (host #2, class enforcer).

There will be a list of themes for each week.

If you are new to Jam, this is an opportunity for you (students) to lead the rest of the class with your chosen song. Most of us will try to find a song that somehow fits the theme of the week. Or you can lead any song you choose.

If you don't want to lead a song, then **come anyway and join in with others. It's all great fun!!** New students may want to see a jam session or two to see how this all works.

Here is the process (as listed in the catalog):

1. Find the song you want to lead.
2. **Email your song/chords (1 only) to Glenn (glennrill@hotmail.com) no later than the end of Monday before the class. You can start today. For class #1, that means by the end of Labor Day, Sept 5.**
 - **Acceptable file formats: pdf, doc or docx (Word), or jpeg (a picture).** Please practice printing your song before sending to Glenn.
 - **If you don't know how to do this, ask Glenn** (as class technician).
3. Then ... Glenn (as communicator) will **email back to everyone** (students) the **list of all songs with files attached no later than Tuesday evening.**
4. Then **everyone prints out all the songs and bring them to class** on Friday at 12:45. Class #1 is Sept 9.

Note again: the printer at Arsht Hall is no longer available.

If you have trouble printing at home, contact Glenn (class technician).

5. **We will perform the songs in the order they were received** by Glenn, which is also the order that Glenn sends the file attachments.
