Sandro Cuccia, Instructor

COURSE TITLE: **APPLE iOS 17 for iPhone & iPad**

UD OLLI Online – Zoom only

DURATION: **ELEVEN Weeks**

Apple **iOS 17** and **iPadOS 17** were released in the fall of 2023. It's true: this release has several significant feature improvements as well as nifty new ones, as compared to iOS 16, which was covered a year ago. This eleven-week online lecture-based course provides an overview consisting mostly of live and video demonstrations. ***While basic familiarity with the operation of an iPhone or iPad IS required,*** having iOS/iPad OS 17 installed installed on your device is not necessary, allowing you to determine if this update is appropriate for you.

We will cover iOS 17 and iPadOS 17 ONLY!
